**Local Government Center HealthTrust, LLC of New Hampshire
Goes Live with HEALTHsuite® Healthcare Administrative Solution**

FORT WASHINGTON, PENN. – January 12, 2010 - RAM Technologies, Inc. is pleased to announce that the Local Government Center HealthTrust, LLC based in Concord, New Hampshire has migrated the administration of their health care business to the HEALTHsuite® healthcare administrative software solution from RAM Technologies, Inc. The move to HEALTHsuite provides the Local Government Center with a flexible fully integrated solution to manage the high volume and complexities of their business.

HEALTHsuite has enabled the Local Government Center to eliminate manual workarounds and has dramatically reduced their processing window. “We selected HEALTHsuite from RAM Technologies based on the product’s ability to meet the complex and diverse needs of our business,” states Sandal Keeffe, Deputy Director and CFO for the Local Government Center. “RAM is a valuable partner to the Local Government Center and we look forward to a long and mutually beneficial relationship with them.”

“The Local Government Center supports a multitude of health care products for a large number of employers, which include New Hampshire municipalities, schools and county governments– each having unique business needs,” states Christopher P. Minton, Executive Vice President of RAM Technologies. “Our work with the Local Government Center was exciting and allowed HEALTHsuite to shine in the administration of Life, Long-Term Disability, Short-Term Disability and Accidental Death and Dismemberment products in addition to conventional health care products. We are very pleased to have the Local Government Center as a member of the expanding RAM family of clients.”

HEALTHsuite is an enterprise wide solution with fully integrated functionality to support member and group administration (eligibility and enrollment), benefit administration, provider contracting, utilization and medical management, premium billing, care management, claims adjudication, capitation, subrogation, overpayment recovery, customer service, reporting, EDI and more.
