Psychiatric Solutions, Inc. Selects HEALTHsuite® from RAM Technologies

FORT WASHINGTON, PENN. – May 6, 2008 – RAM Technologies, Inc., a leading developer of enterprise healthcare solutions is pleased to announce the addition of Psychiatric Solutions, Inc. to the RAM family of clients. PSI has selected the HEALTHsuite® enterprise administrative application to support the behavioral managed care services for their subsidiary FHC Health Systems of Puerto Rico.

HEALTHsuite is a fully integrated, enterprise wide application that automates benefit administration, enrollment / eligibility, provider contracting, medical management, claims adjudication and more. HEALTHsuite provides a complete software solution for health plans, third party administrators and self-insured organizations.

“We welcome Psychiatric Solutions, Inc. into our growing family of healthcare clients” states Christopher Minton, Executive Vice President of RAM Technologies. “PSI’s selection of HEALTHsuite further illustrates the versatility of our solution suite to accommodate the individual business needs of our clients”.

About RAM Technologies:

RAM Technologies is a leading provider of healthcare claims processing software solutions for the payer segment of the healthcare industry. For over 27 years RAM Technologies has established a solid record of supplying superior systems to healthcare organizations serving the Medicare, Medicaid, Consumer-Direct, Commercial and Federal Health Programs. With the implementation of HEALTHsuite and *eHealthsuite*™ (real-time web portal), RAM has helped clients increase return on investment while improving business operations. You can contact RAM Technologies by phone at (877) 654-8810 or on the web at www.ramtechnologiesinc.com
